

HOOK LINE & SINKER

President's Perspective

Our friend and fellow fisherman, **Marv Van Voorst**, passed away July 22th. He has been an active member of the Senior Anglers since 2004. He and his wife Joyce have been Wagon Masters and they went to most RV trips. He often was in charge of the fishing pools. I will especially miss fishing with Marv as he was one of the few that liked to get out early to fish. Marv also was active in the local Classic Car Club. It was quite a sight seeing all those classic cars in the church parking lot, where the funeral occurred. Marv will be missed.

We are pleased to have Mitchel Perdue as our speaker this month. He will be talking about marine habitats and their environments. Mitchel is the son of club members, Bob and Pat Perdue.

Our next outing is the annual trip to Mission Bay. It's a family activity with a bar-be-que winding it up. The date is Friday, August 12 from 1 – 5 pm. Contact Don Continelli for details. Anita and I have gone in the past and found it to be relaxing and enjoyable. We fish from the beach using clams dug up at the location.

There's also a salt water trip scheduled August 15th – 17th.

The June Lake trip is fast approaching September 7th – 15th. It's our "Signature trip" of the year. If you don't have a Camper/RV, you can rent one or even stay at a local motel. You would always be part of the activities. See Bill and Karen Kirchnavy for details.

NOTED NAVY SENIOR BIOLOGIST TO EXPLORE THE MYSTERY OF LOCAL LAND AND SEA PROJECTS AT ANGLERS MEETING AUGUST 19

Residents in San Diego and North County are closely tied to the health and condition of the sea and its surrounding environment. With this in mind, the Senior Anglers of Escondido invited Mr. Mitchel Perdue, Senior Biologist and Deputy Dive Safety Officer for the Naval Facilities Engineering Command Southwest, San Diego to further explore and to extend remarks made during a popular presentation two years ago at the local organization. The meeting is scheduled for August 19. He plans to highlight some of the many important and far reaching projects being conducted locally that the public may have low awareness. These include several extensive research projects involving green sea turtles in San Diego Bay, black abalone on San Clemente Island, and shoreline erosion.

Mr. Perdue is a native of San Diego County and has spent the last 35 years diving and exploring the coastal waters off southern California and Baja. Over the past 25 years, he has managed the Navy's natural resources from Adak, Alaska to San Diego, CA and out to New Mexico. He is the Navy's senior biologist for numerous marine and terrestrial habitat biological issues ranging from fisheries and eelgrass issues in Puget Sound to green sea turtles in San Diego Bay to black abalone on San Clemente Island. He has been the Navy's lead for marine issues including the establishment of the Navy's first Eelgrass Mitigation Bank and the construction of a nine-acre intertidal/subtidal island in San Diego Bay.

Mitch Perdue is the son of Senior Angler members Bob and Pat Perdue and lives with his wife, Paige in Escondido with their 19 and 12 year old daughters, Cache and Callie.

The Escondido Senior Anglers is open to the public and meets the third Friday of each month at the Joslyn Center, 210 Park Avenue in Escondido.

The program starts at 9:30 AM and feature programs of interest to both salt and fresh water anglers.

It would be helpful for Membership if you would check your DIRECTORY to see if your information is correctly typed. Also, check to see if you have the correct picture listed with your name. I have a camera at each meeting and could retake your picture for the DIRECTORY.

2012 BOARD OF DIRECTORS

The Nominating Committee for our club is seeking volunteers that would be interested in serving on the 2012 Board of Directors. We will be having elections at the November General Meeting. Having served on the Board of Directors for several years in various capacities I can truthfully say that it has been very rewarding and enjoyable working with the leaders of the Senior Anglers of Escondido. Helping to determine the direction of our club and having the satisfaction of seeing different projects/activities implemented and usually succeed has been gratifying.

If you would like to get more involved and/or have questions about helping on this coming years Board of Directors please call one of the Nominating Committee Members. We would be more than happy to answer any questions you have regarding this subject.

Thanks for your consideration.
