SENIOR ANGLERS OF ESCONDIDO

Celebrating 35 years
1975 - 2010

HOOK LINE AND SINKER

PRESIDENT'S PERSPECTIVE

35 Years. That's a pretty good achievement for any club. Worth a celebration, and celebrate we will. The location is beautiful Lake Dixon at the concession area. Our new sign will guide you there.

Besides a free picnic, there will be opportunities to share your recollections of the good times you've had with the Senior Anglers.

Thanks to Bill Kirchnavy, Ron Parker and Carl Arnold for serving on the planning committee.

See another article in this paper giving details of the Picnic.

Last month's speaker, Hugh Cobb, renewed my interest in surf fishing. I've tried it a number of times but have been relatively unsuccessful. Blood worms, sardines, anchovies, Gulp worms. What to use? One never really knows, so I might have to try everything. I'll report my success at our next meeting. Don Continelli organizes these surf fishing outings and all are invited to give it a whirl.

Kudos to Norm and Kathy Martineau for organizing the recently held fish fry. The golden brown beer battered fish were perfectly cooked. The desserts contributed by our women were delicious. Another 5 star rating for that picnic.

If you missed last month's General Meeting, you missed an event that made me so proud to be a Senior Angler. Nat Estes headed up the presentation of six quilts made by our women campers up at the various lakes that we attend. The quilts were given to the young women who live at "Mary's House". This is a residence house for women who have been foster children, but now have become too old for that program. Our ladies will continue to provide quilts to Mary House for new residents coming throughout the year. Great Job!

You should be getting this newsletter on Wednesday the week prior to our General Meeting. From now on the deadline for articles in the "Hook Line and Sinker" will be the Monday 12 days prior to the General Meeting. Hopefully the news will be more up-to-date and relevant with this later deadline.

I'm looking forward to warmer weather. Hopefully it will arrive soon. Keep your feet dry and lines wet.

Edward Windsor, father of Barbara Gattuso, passed away on Tuesday, June 1. Ed fished all of his life and was happiest when he had a line in the water either on the ocean or sitting on the banks of Lake Poway. He taught Barbara to fish when she was a little girl and they have fished together ever since.

A Memorial for Ed will be held on June 19 at 4:00 PM at the Kingdom Hall at 14239 Garden Road in Poway. Following the service a reception will be held at a location to be announced at the service. All are invited to attend. In lieu of flowers, donations may be made to the Fired Up Sisters, an organization which assists victims of the California Wildfires. This non profit group assisted Barbara, Gregg and Ed after the 2007 wild fires and Ed often spoke of their kindness and generosity. Their address is 18344 Lincolnshire Street, San Diego, 92128 or visit the web site at firedupsisters.org.

MEET OUR MEMBERS

By: Dave Gehrke

DAN NEWMAN

This month we are celebrating our 35th Year as the "Senior Anglers of Escondido".

What better person to get to know could not be found. Dan Newman is a current member, a Past President (1989) and is a Charter Member of the Club.

► Dave: You have quite a history with the club .

► Dan: The Anglers have always had a warm spot in my heart. My first wife and I travelled with them for many years until she passed away in 1990. I met Victoria at a club meeting and she married me 4 years ago. I received the "Pioneer Award" from the club last year.

► Dave: How did the club get its start?

► Dan: A number of us fished at Lake Wolhford and got acquainted. We felt that by forming a club we could get charter boats to go salt water fishing. It grew from there.

► Dave: Where did you meet in those early days?

► Dan: We started out meeting in Fred Paine's garage. It soon became too small. The Joslyn Senior Center took us in. We've met there ever since.

► Dave: Tell us about some of your early camping.

► Dan: Our club's first Camp-out was at Lake Cahuilla. Leo and Lois Wilhelm came in a pick-up and slept in its bed. We next went to the Salton Sea. It wasn't very good. On the trip to the Colorado River we had 62 rigs going. What a fun group that was. San Felipe in Mexico was also a popular trip.

► Dave: What are your current activities?

► Dan: Being 98 my fishing is very limited. Vickie and I enjoy the Angler picnics. We will be at both the Fish Fry and the Annual Picnic in June. We enjoy Cribbage and play daily.

► Vickie: I have a ladies watch which has a fish in its face with the words "Senior Anglers Escondido". I would like to donate it to the club to be used however you would like.

► Dave: That's very kind of you. We received a similar man's watch from Nick Hurey, brother of Mike, who passed away some 11 years ago.

I think we will auction them off at our 35th Anniversary Picnic. They both are unique watches.

PAST PRESIDENT'S CORNER By Ron Parker

On April the 4th, Easter Sunday at 4 PM most of us living in the San Diego County area felt a substantial earthquake. It was later determined to be a 7.2 magnitude on the Richter scale. Although the epicenter was located in Northern Mexico the shocks were felt hundreds of miles away. We've been having after shocks since this major tremor and the middle of May we had another quake that was said to be a 5.1 magnitude. All this activity suggests that maybe we should be prepared. One never knows when our community will temporarily lose its ability to supply us with basic services such as clean water, power etc..

Earthquake preparation is an ongoing project but needn't be tedious. A rule of thumb is to check or replace supplies when clocks are changed to or from daylight-saving time, twice a year. When assembling a survival kit, don't forget about food and water for pets.

How much?

Recommendations vary as to the appropriate amount of emergency food and water to store. Many experts advise one gallon of water per person per day for three to seven days. Also store enough food for the same period of time.

Storing supplies at home

Use a large container such as a footlocker or 30-gallon trash can, and label each food and water item with the date of purchase or the last date it should be used. Place the container in a cool accessible place, and raise it off the ground.

Shelf life of supplies:

☐ 3 months ☐ 6 months ☐ 1 year or more

Top level

- ☐ Batteries, with tester
- ☐ Flashlight
- ☐ Portable radio
- ☐ First aid kit

Middle level

- ☐ Food and water for pets, manual can opener, dry food (pasta, rice)
- ☐ Instant food, water, purification tablets
- ☐ Canned food

Bottom level

- ☐ Blanket
- ☐ Tarpaulin
- ☐ Extra clothing, shoes
- ☐ Pre-moistened towelettes
- ☐ Items for personal hygiene: toilet tissue and heavy-duty plastic bags for disposal

Additional supplies

These are kept separate from the emergency kit in a spot where they can be easily located.

- ☐ Extra batteries stored in refrigerator to last longer
- ☐ Spare eyeglasses, contact lenses
- ☐ Fire extinguisher
- ☐ Wrenches to turn off gas and water
- ☐ Alternative cooking methods: barbecue or camping stove (with charcoal, propane or white gas supply)
- ☐ Tools: ax, hammer, crowbar, rope
- ☐ Tent and sleeping bag
- ☐ Work gloves, hard hat

Information

- ☐ The Southern California Earthquake Center has produced a highly regarded handbook, "Putting Down Roots in Earthquake Country," that provides information on the risks of earthquakes and how to help prevent damage from them in homes and businesses. The center will sell a minimum of 10 copies through mail order at a cost of \$1 each, with discounts available for nonprofit companies. For ordering information, call (213) 740-1560. Single copies of the booklet can be obtained free in several local public libraries. The entire booklet is also available on the Internet at <http://www.scecdc.scec.org/eqcountry.html>.
- ☐ The Red Cross offers classes in earthquake preparation. Call a local chapter for information.

Sources: Southern California Earthquake Preparedness Project, Governor's Office of Emergency Services, Los Angeles and Orange County Fire Departments, Emergency Management Division; Federal Emergency Management Agency; Lafferty & Associates Inc.

Car kit

- ☐ Canned food, manual can opener
- ☐ Non-perishable food: instant nutrition bars, dried fruits, jerky, crackers or cookies
- ☐ Bottled water
- ☐ Extra clothing
- ☐ Sturdy pair of shoes
- ☐ Small first-aid kit
- ☐ Blanket
- ☐ Flashlight, batteries
- ☐ Toilet tissue
- ☐ Fire extinguisher
- ☐ Street maps

Work kit

- ☐ Non-perishable food
- ☐ Bottled water
- ☐ Small first-aid kit
- ☐ Flashlight, batteries
- ☐ Portable radio and batteries
- ☐ Extra clothing
- ☐ Sturdy pair of shoes
- ☐ Pre-moistened towelettes

The following suggested "Earthquake Kits" was published by the LA Times and may be of interest to our membership. A lot of us were Boy or Girl Scouts and were taught the importance of being prepared. Whatever our background, fishermen and women, hikers, boaters, campers and outdoors people, we know how important it is to be self sufficient. Maybe we should take some time and go over the attached and gather some personal items our family could use in case of an emergency. Those of us that have RV's or travel trailers have an additional place to store emergency supplies. We all hope and pray this exercise will never be needed but if a disaster occurs, this may just save our lives.

June Program

John Klein, the owner and skipper of the Qualifier 105 long range fishing boat, will be the speaker at our June 18th meeting.

John will introduce us to long range salt water fishing and the types of salt water fishing gear used. This should be a very informative program.

Wal-Mart donated toward our "Youth Program".

We would encourage our membership to support Wal-Mart to show our appreciation.

(760) 729-3523. The June 14 and June 28 3/4 day trips have openings as well. All of these trips are now open to anyone who wants to go (not just club members)

so if you know anyone who may be interested in going fishing please pass the information on to them. Unfortunately the July 1 1/2 day trip on the Sea Adventure II has been canceled due to lack of participation of our members.

The Aug 16Th and Sept. 13Th 1 1/2 day tuna trips also still have openings so if anyone wants to go on either of those trips contact the charter master for that trip or Gordon Calvano (760) 729-3523 soon.

I have attached an updated schedule.

Do not wait until the last minute to sign up for these trips or you may find yourself sitting on shore when the tuna are biting.

JUNE FRESH WATER REPORT

Trip report: Lake Hemet, April 26-30

We had a good turnout for this trip, 17 rigs, and several people who came just for the day.

The weather was what you could expect for this time of year, cold nights in the low 30s, and some days in high 70s. There was rain one day but it did stop the hearty souls. I fished with Dave Gehrke that day and he had a big canopy we could both sit under and stay dry.

The fishing was not up to expectations although there were several limits. DFG had stocked several thousand pounds the week before, but they were all small. I think I have a club record for the smallest trout to win the jackpot. A whopping 12 ounces.

There were also daily awards for heaviest stringer, won twice by Warren Estes and once by Norm Martineau.

The cold weather kept the “sewing ladies” inside most days; it did not prevent them from working on some great quilts for donation to Mary’s House in Escondido.

Next Trip

Pinezanita/Lake Cuyamaca: June 7 to 11

This is coming up soon. This is another place that is worth a day trip (about 45 miles from Escondido).

If you cannot make the campout, Karen and I went up at the last minute last year for just two days and had a great time. This has become a favorite spot for the club.

Al and Simone Green will be our Wagon Masters. Dave and Sandy Martinez are their assistants. For any last minute sign ups, contact Al or Dave.

Upcoming Trip

June Lake: September 8 to 15

In the fall, we will be off to our spot in the Sierras.

Karen and I will be Wagon Masters with Dave and Anitra as Assistants. We always enjoy good fishing up here as well as the incredible beauty. The deposit is \$109, and your check should be made out to Pine Cliff RV Resort.

For any late sign ups, please contact Karen or me as soon as possible. You will probably need to contact the resort and mail them your check.
