Here it is Wednesday evening, the day of the **Turkey Fry**.

What a fine day it has been. To have a successful picnic it takes the work of a good number of people. The Lages started the ball rolling then due to medical problems had to withdraw from the Chairmanship. We took it over. The real work was done by our Specialty areas. In thanking them, I'm also thanking all the many people that worked to make this a fun day.

Will Cozzens handled the Turkey part, Anitra took control of the rest of the meal. Jim and Mary Roy were the Silent Auction leaders taking in \$340! Larry Jauert handled the Raffle. We fed close to 100 people.

The other activities that will have concluded in the next couple of weeks are the Cabo trip, Lake Hemet trip, the Dixon Trout derby and the **Bake Sale** at our next meeting. Be sure to bring your favorite baked item for auction.

Membership Dues must be submitted by December 6th to avoid a \$5 late fee plus not getting your name in the directory. Anitra is our Membership Chairman.

Also on December 6th is the **Awards Banquet**. An elegant setting, delicious food, a new musical group, and well deserved recognition of the leaders of our club will make for a wonderful evening. Be sure to attend. The Taylors, Allens and Gehrkes are co-chairing this and are putting it on for only \$29 per person.

Lake Dixon is open for fishing (the first plants of Nebraska tailwalkers arrived during the picnic). Lake Poway opens November 11th and Wohlford Lake opens December 10th. Looks like another great season of fishing.

Keep your feet dry and lines wet

PROGRAM

The club is open to the public and meets the third Friday of each month from 9:30 to 11:30

Scientist to discuss Carlsbad seabass research facility

This month's program comes from recommendations by our own members after an enthusiastic endorsement of a presentation recently.

We have invited Mike Shane, marine biologist with the Hubbs-SeaWorld Research Institute in Carlsbad to speak on November 18.

One of the most valuable assets we have in San Diego County is the Hubbs-SeaWorld Research Institute. Built on land at the Agua Hedonia Lagoon in Carlsbad, this 22,000-square-foot hatchery has as its goal the restoration of the California white seabass population through aquaculture and fish growth techniques developed at the Institute. The hatchery is capable of producing over 350,000 juvenile white seabass annually. They recently delivered 10,000 baby white seabass to a new, temporary home in San Diego Harbor.

Mike Shane is an expert in the growth of aquaculture fish in cages. He is doing extensive research in several areas including the study of the age and growth of wild and captive white seabass. The independent research facility has a vast program of education, outreach, and research designed to replenish the ocean resources.

This promises to be a very interesting and informative program.

The Senior Anglers of Escondido is open to the public and meets the third Friday of each month at the Joslyn Center in Escondido.

Freshwater Report

Pinezanita/Lake Cuyamaca October 9-14

Trip Report:

Another good outing headed up by Larry and Betty Allen. Unlike last year, the weather couldn't have been better! The fishing was a little slow (80 trout plus some bass, crappie and cats), but there were several nice trout over 2 pounds.

The jackpot winner caught by Dave Gehrke was a 3 pound 12 ounce rainbow.

The food was great and the ladies did some fine sewing. We had 27 people in attendance but there should be more for such a nice, convenient trip.
